WE BELIEVE IN SUSTAINABILITY

At UNIPAKHELLAS, we continuously take part in the development of sustainability initiatives in the areas where we operate through our contribution to economic growth and community activities. Our commitment to the environment is demonstrated through our efforts to develop sustainable paper-based packaging solutions and optimize our manufacturing processes while reducing their impact.

We specialize in supplying a wide range of creative and sustainable agricultural packaging solutions.

PROTECTION AND CONVENIENCE FOR YOUR FRESH PRODUCE

- Environmentally friendly and fully recyclable.
- Sturdy and customizable, with the ability to carry a wide range of weights and different shapes.
- Product protection, providing a stable cushion for products during transportation and shipping.
- Stacking convenience, enhancing the ease of stacking in warehouses and stores.
- Cost-effective in the supply chain due to the strong and lightweight material used, the ease of recycling and the lower labor costs for manufacturing.
- Preserving product lifecycle by protecting against moisture and dust.

PROVIDING A WIDE RANGE OF PACKAGING SOLUTIONS TO FIT YOUR AGRICULTURAL NEEDS

AGRICULTURAL TRAYS

Our agricultural trays are known for their stiffness and functional features and are offered in various styles and dimensions. This line is ideal for a wide range of products to safeguard against any damage during packing and transportation.

BULK BINS

Designed to endure heavy weights, our double and triple bulk bins are an excellent solution for storing and shipping solid or liquid products in bulk.

TOP AND BOTTOM BOXES

Our extensive range of top and bottom designs can easily accommodate customer needs. Having two parts, this type of box has multiple potential designs. It is cost-effective and can be customized according to style, size and color.
